The Ironton nine went to Bismarck to play ball Sunday. The score resulted 33 to 4 in favor of Bismarck.

Let every Democrat in Iron County turn out and vote this fall. We want to make the majority as large as possible.

The Willing Workers of the Presbyterian Church will serve dinner and supper on Thanksgiving Day, Nov. 29. Particulars later.

A foot ball team was organized Monday night. The boys are going to get right down to work and hope to have some good games before the season closes.

Let every Democrat make it his especial duty to see that a full vote is polled. That is all that is necessary to make our majority overwhelming and victory complete.

Hon. F. M. Carter will deliver a Democratic speech at the courthouse in Ironton on Monday, October 22d, at seven o'clock P. M. Let everybody turn out and hear him.

The building occupied by Judge Hampton was discovered to be on fire Tuesday afternoon. A few buckets of water extinguished the flames before any great damage was done.

The seven proposed constitutional amendments are should familiarize himself therewith so that he may vote intelligently thereon at the coming election.

The cases against Sullens, the Circuit Clerk of Jefferson county indicted for embezzlement, which are on the docket for the coming term of court will not be tried until an adjourned term after the election.

The REGISTER acknowledges a pleasant call Tuesday from Rev. W. A. Humphreys, the new pastor at Fort Hill. Rev. Humphreys seems to be an affable and genial gentleman, and we are glad to have him with us.

Joe Flory was here September 28th. Dockery will be here this evening. It is supposed you saw and heard Flory. Go and see and hear Dockery. Then compare the two men. If you do so fairly, justly and impartially Joe will seem as "mighty small potatoes."

The announcement of John I. Marshall as a candidate for Constable of Arcadia township appears in the issue of the REGISTER. Mr. Marshall has made a very competent and faithful official in the past, and will unquestionably prove a strong candidate.

Mr. Trauernicht of Middlebrook is the pleased recipient of a cane "imported from France" and presented him by Mr. Thos. Newman of Ironton. The cane has pipe and cigar attachments which by no means detract from its value in the eye of the present owner.

The Iron Mountain Company last Saturday put a diamond drill to work on the land of Everett Hughes, Cedar Creek, this county. Another drill will be put to work in the same neighborhood in the near future. It is the intention to thoroughly prospect the community.

Mr. H. C. Twoomey Monday brought to this office a dozen very fine apples—by all means far superior to any apples we have seen this year. They are of the Missouri Pippin and Gano varieties, and Mr. Twoomey tells us a tree of the former variety, planted just five years ago, yields one and a half bushels this year. He thinks the Missouri pippin the apple for this vicinity, and advises the farmers to try it.

John Blemel of the Blue Store wishes to inform the public that he will receive fresh oysters in bulk every Thursday. Will be sold by the pint, quart or gallon.

C. C. Lashley desires to call the attention of the public to the fact that he has opened a restaurant and luncheon in the south room of the Academy of Music. Lunches and meals served at all hours—night and day. The patronage of the public is respectfully solicited.

Mr. Clarence N. Jones is arranging to build a very fine residence on his place in Russellville next spring. A very neat cottage for his tenant has just been completed at a cost of \$1200. Mr. Jones, it is understood, intends making his place one of the most attractive in the Valley.

The writer is in receipt of a letter from a friend in the far west enclosing a clipping from an Idaho paper, telling of the nomination of F. P. Ake for Treasurer in one of the counties in that state. We are proud to state that Mr. F. P. Ake of Idaho is a nominee on the Democratic ticket.

The ladies were fairly delighted with the magnificent display of fall and winter millinery at Miss Gillingham's on the occasion of the opening last Friday. The parlor was exquisitely decorated and the hats and bonnets were fascinating. Roses and carnations were given as souvenirs to the visitors.

The Junior Epworth League of the M. E. Church will give a "Blue Jay" social on next Saturday afternoon from 2 to 4 o'clock, on the church grounds. Refreshments free. Friends of the Junior League are invited to be present.

Ethel Barnhouse, Ada Marshall, Mabel Dillon, Oscar Haywood, Edgar Rice, committee on arrangements.

Mrs. E. S. Metcalfe returned to Ironton last week from St. Louis, where she spent the summer. Although several years past four-score, Mrs. Metcalfe, who is still active and vigorous—as much so as many persons twenty years younger. May she live to reach the century mark.

On the first page of the REGISTER will be found a letter from Gov. Stephens replying to the declaration made by Joe Flory in his speech here that the last Legislature had passed no laws of benefit to the state. The Governor's letter is interesting and shows that Joseph is, at least, very careless in his statements.

We hear of an exhortation Republican making a talk to some negroes last Saturday wherein he said: "If I was fifteen years younger I'd organize an army and go and kill this man Bryan." He is evidently a true disciple of the strenuous Teddy who once upon a time wanted to line up the silverite leaders against a dead wall.

The older residents, those who can recall the days of Republican rule in Iron County, do not relish a return to the conditions then existed. There was neither a free ballot nor a fair count. 'Tis thirty years gone, but the memory lingers. Iron County is reliably and safely Democratic. But, boys, let's pile up the majority.

Indirectly the REGISTER has word from Mr. B. Shepherd, one of the old-time residents of Ironton, now making his home in California. Mr. Shepherd, owing to his advanced age, is not in the best of health, but, nevertheless is taking great interest in the present campaign and ardently longs for the success of Bryan and Democracy.

List of letters remaining in the Post-Office at Ironton, Mo., for the week ending Oct. 6, 1900. If not called for within two weeks, they will be sent to the Dead Letter Office:

Smith V Miss Stone S H Mr Hartsock M W Mr Supt of Government Assaying Office

Persons claiming the above will please say "advertised" and give date of this list. J. N. BISHOP, P. M.

At the business meeting of the Y. P. S. C. E. of October 4, the following officers were elected: President, Mr. Edward Curtis; Vice-President, Miss Nettie O'Neal; Secretary, Mr. Roy Purkiss; Treasurer, Mrs. Fred Kindell; Look-out Committee—Miss Belle Mulvey, Miss Alice Gay, Roy Purkiss, J. F. Russell, Miss Sarah Russell; Prayer-committee—Mrs. Carrie A. Markham, Miss Ruth Gay; Social Committee—Miss Nettie O'Neal, Miss Alice Gay, Miss Belle Mulvey; Good Literature Committee—Miss Eva Purkiss.

Messrs. J. M. Morris, W. R. Edgar, Dr. Marshall and B. S. Gregory went to Farmington Monday to hear Senator Cockrell make a speech. There was an immense crowd in attendance, but just about the time for the speaking began the town was "turned upside down" by a murder and suicide. I. Trappe, the photographer, was shot and killed by a barber by the name of John Tice. Trappe accused Tice of being intimate with Mrs. Trappe. The two men had had trouble before. Monday morning Trappe started for him. Tice shot Trappe killing him instantly. The crowd started after Tice and so closely pursued him that he hurried to a room and killed himself. The affair, of course, created great excitement and, seriously interfered with the meeting.

Several of the Ironton statesmen went to Pilot Knob Saturday night to organize a Republican Club. It is said the sailing wasn't altogether on a smooth sea. A move was made to have the club merged into the Ironton organization. This the Pilot Knob contingent didn't want. One of the orators is said to have made the assertion that the Democratic County Court never would have investigated County Clerk Fletcher's office, had it not been that they learned the Republicans were getting up a fund where with to make an investigation. Of course, the statement is utterly without foundation. This is the first intimation the public has had that the Republicans ever intended an investigation. Certainly the County Court had heard nothing there of when they made the investigation two years ago. When they voted the Republicans do not care what means they employ to get them.

Mr. and Mrs. Bollinger, delightfully entertained a number of friends, at their home near Sabula, last Saturday evening. It was the occasion of Mr.

Edward's birthday and young people from all parts of the country were present and I am sure they will all agree with me when I refer to the occasion as one of those bright events that bind us more closely in the bonds of friendship and enable us to revive our social natures. Games, music and recitations made the evening pass very quickly and the crowning feature was the old time "candy-pulling" which as usual, turned out to be a "candy-grabbing" and as we were enjoying this pleasure there came bubbling up a desire that these happy reunions might be more frequent. The merry party took their leave, mingling exclamations of appreciation to those whose thoughtful care and hospitality made the evening so pleasant with their good wishes for Mr. Edward's future health and happiness. A GUEST.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Pt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy which acted like a charm. I most cheerfully recommend it to the public." For sale by Arcadia Valley Drug Co.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely.

It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pine Balm.

This brought about a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Arcadia Valley Drug Co.

From Bellevue.

Ed. Register—Since my last communication to the REGISTER nothing of particular interest has occurred in this immediate vicinity.

An excellent rain fell here yesterday morning, it being the first rain of any consequence since the middle of August.

Our merchants appear to be having a fairly good trade, considering the scarcity of money. So far as I have been able to observe, there have been fewer stock buyers enquiring after stock than I have seen for ten years past.

The writer was recently offered two and one-half cents for fat cows that would weigh nine hundred lbs. There is a small demand for corn-fed hogs, and, of course, there are none of that kind. It appears to be something you have not, nor can't purchase for money, that's in demand. How incompatible is the nature of prospective buyers and sellers! But it is to be hoped that the day is not far distant when God's poor offerings may stand on an equal footing with the money sharks of this great Republic, in which it is said that there is freedom. Talk about freedom! Freedom is a misnomer.

Quite a number of our citizens attended the Fair last week. Among those who attended we note the following: H. L. Bell, Messrs. Lowe and Arthur Sloan, R. J. Hill and son, Wallace, Messrs. Anna and Jennie Logan, and Fannie Warren.

Misses Anna and Lena Russell recently made a trip to Ironton to have some dental work. Dr. A. S. Prince did the work.

The Iron Mountain Company have started a diamond drill on their land, near Cedar Grove. The same company will start a drill on J. T. Patterson's farm within the next two weeks; then later on Judge Moyer's and E. McGee's farms.

Saturday last the following named persons made a trip to Iron Mountain, on a fishing expedition: Carl Phillips, Harry Fitzpatrick, Master Earl Bennett, Messdames Phillips, Fitzpatrick, Bennett and Marr.

Thos. Marr made a trip to Ironton Monday last.

Mr. John Moore, of near Mann, will remove his family to this vicinity this week. We are glad to receive Mr. M., as he is a good citizen of Caledonia, visited Mr. and Mrs. John Russell Friday last.

Doll Latham, of Edge Hill, visited J. T. Patterson and family not long ago.

Thos. Board was out here Friday. October 8, 1900. X.

There were two more petitions being circulated the last week, but the majority of the people within the immediate vicinity of proposed new roads are still in favor of first petition being recognized, and acted upon by our County Court.
